

HANDS ON TRAINING PROGRAMME ON

MUSHROOM CULTIVATION & SPAWN CULTURE TECHNIQUES

Empowering communities through scientific mushroom farming

organized by

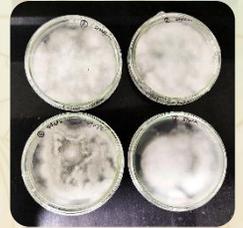

Skill Satellite Centre (TDUPW, A2K+ Scheme, DSIR, Govt. of India)
Guwahati Biotech Park, Govt. of Assam

About the Training Programme:

The training is designed to equip participants with comprehensive knowledge on scientific mushroom cultivation practices, including substrate selection, sterilization, fruiting bag preparation, mother culture, and grain spawn production. The program also aims to promote income generating opportunities especially for rural woman and aspiring agri-entrepreneurs.. The training will support self reliance and contributes to nutritional and economic security at the grass root level.

Duration: Initial training will be on 7th -8th August, 2025 and the onboarded trainees will be provided expert guidance and mentorship up to 3-6 months including field level training, support, and required mentorship starting from date of enrollment.
